

# Animal Safari

For this half term, our topic has been Animal Safari. We have learnt about the different kinds of animals that live around the world, how to look after animals, and the importance of caring for our local and global environments.

Choose at least one of these projects to complete and bring back to school by **Friday 14<sup>th</sup> June 2024**.

1. Thread cubes of bread, apple, hard cheese and raisins onto thin wire to make a bird food kebab. Join the top of the wire to create a loop. Attach string to the top and hang it in a tree or from a fence. Take photographs of the birds that visit and write a brief description about them.
2. Use the internet to find out some fantastic facts about animals. Use the information you gather to make an animal facts booklet, including pictures and information about the animals.
3. Use craft resources to create either a 2D collage, or a 3D sculpture of your favourite animal.
