

Riverside Primary School Statement for Sports Premium 2023-2024

What is the Sports Premium?

The government is providing funding of £150 million each year for academic years 2013-2020 to provide new and substantial primary school sport funding. The funding is jointly provided by the Department for Education, Health and Culture and Media and Sport. It will see money going directly to primary school headteachers to spend on improving the quality of sport and PE; each school will receive £16,000 plus an extra £10 per pupil in year 1-6. Here at Riverside Primary that will mean ~~£18600 for 2023-2024~~

Purpose of the funding

The government funding is ring fenced only to be spent on PE and School Sport. The outcome is to improve teaching and learning in PE and School Sport. Ofsted have strengthened its coverage of sport within the inspectors' handbook and supporting guidance, so that schools and inspectors are clear about how PE and school sport will be assessed in the future as part of the overall provision offered by the school. The revised handbook will ask inspectors to consider: "How well the school uses its Sports Premium Funding to improve the quality and breadth of its PE and sporting provision, including increasing participation in PE and school sport, so that all pupils develop healthy lifestyles and reach the performance levels they are capable of."

How is it spent?

The aim of the funding is to improve the quality and a breadth of our PE and school sport provision and to meet the criteria we have identified a number of key priorities which include:

- Investing in continued professional development for our staff.
- Increasing the competitive opportunities available to all of our children.
- Increasing the number of after school sports clubs available to our children.
- PE subject leader to visit other classes and give demonstration lessons.
- Time for PE subject leader to meet and audit needs/results of input.
- Working in partnership with other schools to share expertise and resources.
- Working in partnership with other organisations/agencies to increase the number of opportunities available to the children and staff.
- Offering new and varied sporting opportunities and experiences for our children and staff.

How will we know it's working?

We will carry out regular reviews on progress and audit and assess our needs. Individual pupils or groups of children who may be targeted for intervention will be assessed at the start of the programme and reviewed as the year progresses. Teaching staff have all been audited, prior to the start of this academic year, in relation to their training needs. At the end of the year a review of those needs and how they have been addressed will be undertaken. At the same time, an audit for future needs will be carried out.

Review of 2022-2023 - IMPACT ON SCHOOL SPORT

In 2022-2023 Riverside Primary School were able to further lift the profile of School Sport using the funding provided through the School Sports Premium.

The engagement of all pupils in regular physical activity:

The introduction the new afterschool activities has made it easier for pupils to access a range of sporting activities which has ensured that majority of the pupils are engaging in regular physical activity outside of school hours. These extra-curricular activities often cater to different age groups and skill levels providing inclusive options for all pupils. There has been growing awareness about the importance of physical activity for pupils health, both mental and physical which has meant that there has been the need to offer opportunities for pupils to engage in sports related lunch time activities. This has led to more resources being dedicated to physical education and active play offered by Premier Sports.

The profile of PE and sport is raised across the school as a tool for whole-school improvement:

The school has engaged in extra-curricular sports activities and participated in variety of competitions. Through encouraging pupils to join sports clubs and participating in inter-school competitions, and representing the school in various sports, pupils have gained a sense of pride and accomplishment in their physical abilities. The school has also collaborated with other sporting agencies to provide a variety of sports activities.

Increased confidence, knowledge and skills of all staff in teaching PE and sport:

Staff within the school have engaged in CPD modelling and outlining high-quality lessons, as well as offering a well-structured PE curricula giving staff clear guidance on assessment and delivery.

Broader experience of a range of sports and activities offered to all pupils:

The Sports Lead organised the annual sports day which involved a variety of sporting activities. Pupil and parent questionnaires evidence that this was highly successful and enjoyable day which culminated in a competitive sporting activity between parents and staff. An Irish Dancing School, led a whole school assembly modelling and discussing the benefits of dancing. As a result of this 3 of the targeted Year 2 pupils attended the free taster session and continued to attend at a discounted rate as these sessions are held on the School premises.

Increased participation in competitive sport:

The Sports Lead attended the Borough network meetings and as a result developed inter-school competitions between different year groups. This resulted in pupils working together as a team as well as developing a whole school competitiveness. A G&T sports lunch time club was organised which further developed a love for sports as well as participating in competitions.

Riverside Primary School – Sports Premium Action Plan – 2023-2024

Academic Year: 2023/24	Total fund allocated: £17120	Date Updated:		
Key indicator 1: The engagement of all pupils in regular physical activity – Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school				Percentage of total allocation:
				5.11%
